## BOY SCOUTS RECEIVE MERIT BADGE AWARDS

**Judge Preston Officiates at Impressive Ceremony in Courtroom Friday**

**CONTRAST OF SITUATION NOTED**

(By C. A. BERNHARD)

One of the most impressive semi-public ceremonies held in Ukiah for many a day was witnessed in the courtroom last Friday when Judge H. L. Preston and District Attorney Hurley presented a group of boys from troop 24 with merit badges.

We have just been struggling with an effort to raise a few dollars to put into the scout fund for this city. Our allotment is yet not completed and some whom we thought would gladly help have refused.

This little ceremony and the setting of the meeting was so striking that we feel that if every citizen of Ukiah could have seen and heard, they would have been eager and anxious to contribute to the fund needed.

Judge Preston pointed out that just about an hour before this meeting he had been sitting as judge of the juvenile court and had been compelled to serve out punishment to four boys for serious crimes. These boys were of about the same age of the scouts sitting before him.

Two of these boys were ordered to the state reformatory for burglary. One was sent in custody of the sheriff to San Francisco to be dealt with by the juvenile court of that city and one was confined within our own county, his offense being assault with a dealy weapon coupled with something possibly more serious.

In contrast with the serious situation of these four boys, the judge elaborated on the work of the scout organization in training boys for citizenship and manhood. There were ten scouts before him for merit badges and the particular and impressive point was that any one of them might have been in the group of four boys whom he was required to punish less than an hour before.

District Attorney Hurley made the boys an excellent talk on citizenship and commended the work the scouts are doing. This was followed by talks by Will Van Dyke of the juvenile court, Mayor Anderson, and A. L. Tracy of the Savings bank. A number of other citizens were present and congratulated the boys.

The scouts receiving awards were as follows:

William Johnson, for horsemanship, swimming and first aid to animals.

L. C. Hopkins, for electricity, personal health and automobiling.

Louis Johnson, for horsemanship, swimming and first aid to animals.

Roy Miner, for cooking, personal health and public health.

Frank Mason, for civics and carpentry.

Clarence Bernhard, for plumbing and swimming.

Roy Gilmore, first aid to animals and horsemanship.

## W. D. L. HELD WITHDRAWS FROM JUDGE CONTEST

It was reliably reported last evening that W. D. L. Held, local attorney, who, it was quite generally believed, would be a candidate for the superior bench against Judge H. L. Preston, has definitely decided not to enter the race.

While the report reached us too late to be confirmed, we believe the source reliable.

## UKIAH HIGH SCHOOL HAS REAL BALL TEAM

**Leno Holds Healdsburg Down to One Hit and Fans Fourteen Men**

(By CLAIR ELLEDGE)

With George Leno turning in his second one-hit game of the season and hanging up 14 strikeouts without issuing a pass during the process, Coach Beaufort's crew of pellet-paddlers shut out the Healdsburg high school nine last Saturday by a 3 to 0 count. The Ukiah boys put up the tightest game seen here in years and the Sonoma county champions were completely outclassed. The game was exceedingly fast—the time of one hour and 15 minutes must set a record of some sort.

Healdsburg made her only bid for a counter in the first inning. Tucker, lead-off man, reached first when Gibson let his slow bounder slobber through his lunch-hooks. He took second on Leno's bad throw to first and third on a passed ball. He may as well have been nailed to the third cushion after that however. for Leno saw red and struck out the next three batters as fast as they could grab their poles and step up to the platter. After this near-catastrophe not a visitor reached second base and only two could make it as far as first—one in the fifth when A. Monti singled over second, and one in the sixth when Packwood was safe on L. Vassar's bad throw to Lawton.

The local boys found Demostene's offerings for 7 safe wallops and were aided by 7 bobbles on the parts of Mr. Demostene's cohorts. Two of the Ukiah runs were direct results of misplays. Coach Beaufort's charges nearly chalked up a tally in the first frame when, with two down, C. Vassar singled, stole second, and made third on a passed ball. He stopped there, however, when Gibson whiffed. In the fifth inning the act went through a good deal better. C. Vassar doubled, stole third and scored on Gibson's single. This inning saw Healdsburg performing one of the rarest feats in baseball—the triple play. Whittaker was on first and Gibson on second when Weselsky popped up to shortstop. Messrs. Gibson and Whittaker

## "GOOD WILL" TRIPS ARE PLANNED NEXT MONTH

A "good will" caravan for Mendocino county is being arranged by the chamber of commerce. For the sole purpose of creating good will members of the board of directors of the chamber of comerce with as many citizens as can be induced to join the caravan, will visit the neighboring valleys. The trip will be arranged some time in June. One route will go through Hopland over the MacDonald-to-the-Sea highway, south to Point Arena and north to Fort Bragg.

The project of an experimental plot in Ukiah valley for Carl Purdy was taken up this week by the chamber of commerce. The project was thoroughly discussed with Carl Purdy and the cost found to be too great to be undertaken at this time. Ways and means for improving the road to "The Terraces" is now being worked upon by the chamber of commerce.

The object of the chamber of commerce in working on these problems is to make the Carl Purdy gardens more convenient for tourists going over the Redwood highway. These gardens are recognized as one of Ukiah's greatest assets yet practically nothing has been done by the city or county to develop the commercial advantage to this section of the state.

**STAGE KILLS DEER**

A large buck was killed in a collision with the incoming Lake county stage of the Pickwick company last Tuesday night. The deer jumped from the bank squarely in front of the stage and, dazzled by the headlights, was run down. The driver placed the carcass to one side of the road and notified the authorities on arriving here.

The meat was subsequently brought in and sent to the county farm, it is reported.

## AL PAYNE'S MURDERER TAKEN AT BAKERSFIELD

**A. D. Phillips, Cloverdale Man, Confesses to Crime Committed Near Dyerville May 13.**

Details regarding the murder of Al Payne, a former resident of Ukiah, are contained in the following dispatch from Eureka last Monday:

EUREKA, May 24.—A. D. Phillips, of Cloverdale, an itinerant laborer, was brought to Eureka today from Bakersfield by Sheriff Arthur Ross to face the charge of murdering his companion, Al Payne of Ukiah, near the Redwood highway at Dyerville, May 23.

The body of Payne, found with the head crushed and throat cut by Norman Dunning and his wife, is in the morgue at Fortuna.

Following up the clue obtained from Lawrence Canepa, who identified the body as that of one of two men he had seen at Dyerville in an old automobile, Sheriff Ross and Deputy Sheriff E. Durnford went north as far as Orrick with photographs of the murdered man. There they got a definite trace of the car containing the two elderly men. They registered at a camping place there, Phillips signing the register.

Going on to Requa, they found the two men in the automobile had crossed the ferry to the other side of the Klamath river and again the picture of the dead man was identified as one of them. The sheriff returned to Eureka and then went to Cloverdale under the impression that the murdered man was Phillips, but found that Phillips had closed his bank account and left no forwarding address. The address given was the home of his niece in Bakersfield, where he was found next day. Phillips said he and Payne had met in a logging camp, fished together and finally separated. He denied the killing at first but later is said by District Attorney A. W. Hill to have made a full admission of the deed. Payne and Phillips fought, the old man said, and Phillips stabbed and beat his friend to death and then fled to Bakersfield in a motor truck.

Mrs. Payne was a visitor in Ukiah the first of the week. The Paynes resided here for several years and own a home in this place. Lately they have been living at Lakeport.

## $500 MORE IS NEEDED FOR CEMETERY WORK

In keeping with the work which is being done at the cemetery under the supervision of F. C. Handy and J. C. Johnson, Commander A. L. Wessels, Lewis White Post, No. 76, American Legion has communicated with Washington asking that headstones be furnished for each grave in the G. A. R. plot. Commander Wessels is confident that this request will be acceded to. The Legion also plans to clean up this plot, set it to lawn and otherwise make it a beautiful and honored abiding place for G. A. R. veterans.

For the first time in at least thirty years the local cemetery is a clean, orderly and beautiful spot. All of the streets and alleys have been cleaned, graded and smoothed. By Decoration day the jungle of brush and weeds will have disappeared and the cemetery will present an impressive sight to visitors.

Two stone pillars have been erected at the entrance between which will be placed a practical stock guard.

The committee asks for $500 more to complete the work in the cemetery. Every cent is going into actual work under most careful supervision. Give that $500 before Memorial day and complete a work which has been neglected for many years.

## CHARLES GUIDI DIES FOLLOWING PARALYSIS

Charles Guidi, a resident of Ukiah for some forty years or more, passed away here yesterday morning at about 11 o'clock, following a stroke of paralysis suffered by him last Sunday evening.

He leaves a widow, Mrs. Decima Guidi, a daughter, Mrs. Ida Guidi, and a number of other relatives, including nephews and nieces.

The funeral will be held tomorrow at the Catholic church. The funeral cortege will form at the late residence on South Dora street and proceed to the church at 3 o'clock in the afternoon.

Mr. Guidi was aged 79 years and was one of Ukiah's most esteemed pioneers. The heartfelt sympathy of a host of friends is extended the bereaved relatives.

**ATTENDING STATE CONVENTION**

Wm. Bromley, assistant cashier at the Savings Bank of Mendocino county, left the first of the week for Del Monte, where he is attending the state bankers' convention.

## DOES SANDELIN FOR $350 ON BAD CHECKS

Frank Sandelin, guileless, trusting, simple-hearted, confiding, unsophisticated, artless proprietor of a local hotel, was victimized to the tune of $350 in bad checks by "J. W. Baxter," representing himself to be a famous artist, last week. Frank's knowledge of art and artists being somewhat limited, he took Mr. Baxter at that worthy's own valuation. Baxter arrived in town with funds in plenty to last for a few days, but became temporarily embarrassed financially and asked Mr. Sandelin to help him out. As he was a good fellow and a free spender Sandelin complied, cashing his checks without question.

Sandelin is said to have pledged his sacred honor that if Byrnes gets Baxter he will see that the sheriff gets full credit in the Republican Press.

## TWO ASSOCIATIONS SEEKING AD FUNDS FROM THIS COUNTY

To specifically advertise the Redwood Empire, building on the firm foundation already builded by Californians, Incorporated, and Clyde Edmondson, manager Redwood Highway Association, laid plans before a representative body of Mendocino county men Wednesday evening.

Californians, Incorporated has spent over a million and a half dollars of San Francisco money advertising northern California. The Redwood highway has profited magnificently by this advertising. Redwood Highway Association backed by the judgment of experts in Califorianas, Inc., now recognizes the necessity of specifically advertising not only the Redwood highway but all parts contained in the six counties which make up the Redwood Empire. The object is not only to draw but to hold for a time or permanently a percent of the tourists attracted to California by general advertising.

Twenty-five thousand dollars is needed to establish this advertising. This amount will be duplicated by Californians, Incorporated through time and labor of experts working in conjunction with the Redwood Highway Association.

Based on assessed valuation, Mendocino county's quota of the above amount will be $4500. This amount would draw the tremendous interest accrunig from tourist travel stimulated by the remainder of the $50,000 advertising investment.

The matter will be referred to the farm bureaus of the county for discussion and will be brought before the board of supervisors for action.

C. N. Mortenson left Tuesday for San Francisco to spend several days on business.

A Perelli-Minetti returned last Sunday from a business visit to Delano, Kern county, where he has extensive vineyard interests.

"Home Folks" Mean More to You

The man you know personally has an interest much more sincere in what concerns your welfare than the stranger who has never met you, never heard of you, or knows you only by name.

That is the reason why the First National Bank can serve you so satisfactorily. Its officers and directors are "home folks" whom you know, and who know you.

You can count on their whole-hearted cooperation because your interest and theirs are akin.

## The Rambler

If something is not done about the bridge going into Potter valley, there will be some fatal accidents. That the three recent accidents have not resulted in death is a pure miracle. Of course, you can say that the machines were going too fast, which is no doubt true. But, nevertheless, the bridge is a dangerous one. The road on either side approaches it at a right angle. Why not take action and save some lives?

* * * * *

It has been called to my attention that there is an unsightly little house lying on the river bar just north of the Asiyum bridge. It occurs to me that this land belongs to the State Hospital as there is a state gravel pit there. In any event when the State employees are about these premises, it would not take much time to destroy the old wreck. Will someone suggest this to Dr. Smith? The doctor is one of our most public spirited citizens who can always be depended upon and if someone would kindly call it to his attention, whether it is on State land or not, I am sure he would find some way to act.

* * * * *

When a jury tries a criminal case their verdict is not a decision on the question of whether, under the law and the evidence, the defendant is guilty, but whether under the facts of the particular case, the defendant should be punished. And what are you going to do about it? There would be far less fault found with the jury system if the best minds of the county were always summoned for jury duty. The trouble is that those best minds are generally too busy on their own affairs, but not too busy in the evening to talk about crime waves. You cannot expect the higher type of administration of justice from jurors out of a job who want to serve for the pay.

* * * * *

I am amused at people who try to frighten me, frighten me to do this, or not to do that, or to go to this affair, or not to go, or to endorse this project or plan, or to do or not do a thousand other things, on the theory that something will happen to me. Such people only insult me by an implied accusation of cowardice. If a rose were called a skunk-cabbage, it would nevertheless be beautiful and fragrant. Let everything stand or fall on its own merits. I suppose if some of our leading citizens should be so foolish as to get up one of those confounded "benefits" to put a gilded dome on the Court House, that I would be ostracized and considered a piker if I refused to buy a ticket on the ground that I did not want a gilded dome on the Court House. I refuse to be driven, herded or stampeded. I have a mind of my own and I expect to use it. I may decide wrong, but when I get to the point that others must do the thinking for me, it will be proper to send me to the home for the feeble minded.

* * * * *

There are two things which go to make north State street a beautiful thorofare. The first is the presence of trees and the second is the absence of fences. It is hard to convince people that fences are unnecessary as well as unsightly. If you are still in doubt make a tour of inspection up State street.

I suppose we all do a little daydreaming at times, and engage in the sport of spending someone's millions. I have spent so many millions that the wonder is that there are any millionaires left. Dreaming does not hurt anyone, provided it is done on spare time.

* * * * *

Do not think for a moment that all the sorrow, misfortune, pain and disappointments are heaped upon you. However great they may seem to you, there are millions of people in the world infinitely worse off. So let us be thankful for what we have.

* * * * *

I am informed that the eighth grade of our grammar school received the highest marks in the county graduation examination on the United States constitution. That's fine. It speaks well for the mentality of the youngsters and especially well for their teacher, Miss Connolly. The teacher and the pupils are to be congratulated. The constitution is the basis upon which our government rests. A good citizen should be fairly acquainted with its provisions. Miss Connolly is teaching future citizens and it is a satisfaction to know that she is doing it well.

## RESPONSE BY PIONEERS TO POTTER INVITATION

In response to the song of invitation recently framed by school students of Potter valley, inviting the pioneers of Potter valley to a big reunion, the following has been sent the Dispatch by Emma Neil Smith, a former resident of Potter:

Tune, "Red, White and Blue"

O, Potter the gem of our nation
Potter Valley, the star of our state
We old pioneers soon will rally
Since you generously open your gate.

We accept your most kind invitation
And will be there the 17th of June,
Expecting both friends and relation
With whom we may gladly commune.

CHORUS.

Dear Potter the home of our youth
Your folks, the most cordial of earth
Now extend to us the glad hand of welcome
And bid us to join in their mirth.

CHORUS.

O, Potter—the tried and the true.
Yes, Potter, we're coming to you.
We loved you "way back in 1870"
That love is now kindled anew.

## ANDERSON VALLEY

ANDERSON VALLEY, May 26.—The tow car from the Live Oak garage has been very busy the past week. Nearly every day a wrecked car is being towed into the garage or the garage man has to pull some one's car back onto the road and make repairs.

On Wednesday, May 19, J. M. Ray of Sacramento, collided with a Mr. Bruner of Forestville. Mr. Bruner had a rib broken and was otherwise badly shaken up.

Thursday May 20: R. T. Hutsell of Boonville, on his way to Ukiah, collided with an ice truck on the road in Bell valley. Very little damage was done.

The Ladies' Aid of Boonville entertained the Ladies' Aid of Philo at the Boonville church.

Friday, May 21: The Rawleigh products man had his car break down near Yorkville. C. A. Tarwater towed him in to the Live Oak garage where the car was repaired on the following day.

The Boy Scouts met at the high school and received instructions from the scoutmaster, Rev. George Saunders. The boys are putting on a "supper" Friday night to raise funds for the purchase of uniforms.

The ex-service men of the valley met to discuss plans for forming a military service club. A club of this kind is needed here to plan and execute programs of a patriotic nature.

Saturday, May 22: The Camp Fire Girls were picnicking on Indian creek.

Rev. George Saunders and Vernon Presley went to Berkeley and returned Sunday. They brought in several hundred dollars worth of art glass windows which are to be installed in the church at Boonville.

Tom Ruddock's car went off the road on the Fairbanks hill and Tom was cut and scratched about the face so badly that he had to be attended by Dr. Tabler.

Sunday, May 23: Hageman Park, on the Greenwood road, was opened for the season. A large crowd was on hand to enjoy dancing and "eats."

Mr. and Mrs. M. H. Iversen and Mr. and Mrs. John McGimsey, of Ukiah, were visiting Mr. and Mrs. H. E. Tarwater.

On Saturday night the high school put on the last and largest dance of the season. The "shebas" and "sheiks" for miles around were on the floor early and late. There were plenty of "mates" and matrons, also, who enjoyed the affair. The auditorium was beautifully decorated with colored streamers, and the vari-colored gowns of the ladies added brightness to the color scheme. Every one voted it "wan beeg jamboree."

Monday, May 24: Another car towed in today. A. Gossman's "flivver" tried to climb a bank, rolled over, mashed the top and a front wheel.

One of the traffic squad passed through the valley during the past week. Everqbody throttled down to twenty per. The "straightaway" through Boonville is a temptation to some drivers and, it appears that a traffic cop is needed on the MacDonald highway all summer.

Wayne Burke, son of Mr. and Mrs. W. P. Burke, is at home for the summer vacation. Wayne has completed his sophomore year at Hastings College of Law, University of California.

A number of residents have been going to the coast lately to enjoy a feast of abalone.

The parson and other volunteers are engaged in cleaning up the cemetery and it is expected the job will be finished before Memorial day.

A memorial service and program will be held at the cemetery, near the high school, on Monday, May 31, at 10 a. m. Dr. W. K. Billings of Cloverdale, senior vice commander, California department, American Legion, has been invited to make the memorial address.

# REDWOOD VALLEY

REDWOOD VALLEY, May 26.—Mrs. A. M. Kinsler and children returned Monday from a motor trip to San Jose, where they visited Mr. Kinsler.

John Wilson cut a splendid crop of oats and vetch in a 10-acre tract of the Tom Orr ranch. It averaged two tons or better to the acre and was mostly vetch. Vetch is almost the equal of alfalfa as cow feed and can be raised successfully on bench lands.

Mrs. Gus Page received word Monday that Dr. T. V. Moore had died very suddenly at San Jose Saturday.

The Rev. Elbert Holland preached at the clubhouse Sunday night to a well filled house.

Mrs. T. Jameson gave a party last Friday evening in honor of Marian's sixteenth birthday. A number of young friends spent a very enjoyable evening.

Bob Muir has recently installed a bath tub and other improvements for W. H. Legg. He is now doing a similar job for John Wilson.

**Rockey Too Strong for Ukiah Batters. Panthers to Play Double Header With Jeffersons**

(By CLAIR ELLEDGE)

Anyhow, folks, at one time during last Sunday's apple-mauling contest with the Fort Bragg Foghorns, Skipper Prather's crew of whiffletree wielders nearly had almost a safe lead, pretty near. Yessir, even though Chief Medicine Man Rockey grand, exalted Honkeytonk of the Kickapoos and twirler de luxe for the Foghorns—even though this eminent personage was so darned parsimonious in the matter of base-hits, Prather's Panthers panted powerfully in the fourth spasm and grabbed off a run and the lead for themselves. Bear with me, gentle reader, and imagine yourself in Skipper Prather's number tens. 'Tis now the end of the fourth convulsion and Ukiah has just manufactured the first tally of the afternoon. Mr. Kennedy's two-base smack, Mr. Pool's twister that has caromed gently off of Mr. Galliani's right shin, and an opportune slobbery play by young Mr. Walley, the Foghorn first sacker, have combined to turn the trick. Truly is the local dugout permeated with roseate sensations. But let us pass on to the first of the fifth, a mere half-stanza later, even though the details make us faint and weak. For alas, what was, now ain't, and some ain'ts have become ises. The coasters now rest securely in the lead with a 4 to 1 count and the local chances have blown sky high. Here's how come: Messrs. Walley and Lower were very easily disposed of to start the inning but Chief Medicine Man Rockey decided to overcome all uncertainties and he forthwith rapped a single out over second. Then up jumped the devil—or, rather, a young Mr. Penitenti, who smote right lustily for another single that advanced the Chief to third. Penitenti pilfered second and Mr. Grimes stepped to the platter with vile intentions. He hammered the hapless pellet for a third single that scored both runners and he took second on the throw-in. It was very evident that Bev Broaddus had all at once become duck-soup for the visitors and the argument was cinched when Gus Utschig caught one on the snoot to give it a ride over left-field fence, scoring Grimes ahead of him. Manager Prather was frantically warming up all his reserve pitching talent but, after Tipton singled, Bishop flied out to Kennedy for the third out and Metzler did not take up Ukiah's hurling onus until the next inning. The Fort Braggers could do nothing with the offerings of the Hopland boy in the last four frames and got nary a smell of another counter. Anyhow they didn't need any more because Rockey had all the local sluggers pie-eyed and woozy by this time. He allowed but three safe hits during the game, and two of them were of a decidedly scratch variety. The Indian boy also added 14 scalps to his imposing strikeout record and showed that they all look alike to him by whiffing at least once, every man, except one, who faced him. Kennedy was the only Panther to solve Rockey's delivery.

Kennedy, by the way, was about 50 per cent of the local team's offense and defense. Besides getting the one really good hit off Rockey and scoring Ukiah's lone tally, he was quite efficient in the field, handling 12 chances with but one minor misplay. W. Broaddus also had a good day in the field, accepting seven chances without a bobble. The bats of Utschig, Grimes, and Penitenti were the main factors in Fort Bragg's victory.

The locals will cross bats with the Jefferson club nine next Sunday and Monday and both games should be close. "Lefty" Eglint will work on the mound for Ukiah in the first game so it appears that the best Toney and his popular crew can accomplish will be to split even on the series.

**A FORMER UKIAHITE VISITS DILLON BEACH**

DILLON BEACH, Cal.—A few weeks ago, I was at home here at Dillon Beach for a week end. One afternoon, while I was in the bungalow thumping the typewriter, I heard some one call, and I stepped out on the porch and a man, standing there, said: "I know you and when I tell you my name, you may remember me. I am J. J. Martin and was pastor of the St. John's M. E. Church, at Ukiah from 1885 to 1889."

I looked at him and said: "Yes, I know you and remember you well. I have thought of you a thousand times. I heard you preach a sermon once in which you explained how to get the hypotenuse of a right angle triangle."

So, this led up to a pleasant talk over old times at Ukiah forty years ago. Martin remembered many of the old timers and wished to be remembered to them when I next went to Ukiah.

He left Ukiah in 1889 on the first train that went out. He has traveled much since that time and has visited the Holy Land three times, spending two or three months there each time. He is still a young man. Since our talk he hopes to go back and visit Ukiah some time in the near future. He did not say anything about it and he does not know I am going to say this. But I believe that he could be induced to go to Ukiah and deliver a lecture on the Holy Land. It would be very interesting I am sure. He has retired from the ministry and is making his home at 1792 Second Street, Napa, Cal. Suppose some of the old timers get together and get him to come up and deliver the suggested lecture. J. B. S.

## Legion and Auxiliary Hold Meeting

John Fisher, executive committeeman from Healdsburg, and Dr. Wall M. Billings, first vice commander of Cloverdale, were speakers at the joint meeting of Lewis White Post, No. 76, and the Ladies Auxiliary held Thursday evening, May 20, at Pythian Castle. The meeting was a good-fellowship one and was largely attended by Legion members and their families.

An investiture ceremony was held for members of Boy Scout troop No. 30, a troop sponsored by the post. Comrade Lawrence Waugh, scoutmaster of the troop, was most highly commended for his excellent work in organizing and training the boys. Dr. Billings referred to the work with the scouts as the most important of all work undertaken by the Legion.

Joint installation services were held and a very delightful program was followed by refreshments.

## Standley Committee Marking Time

Because of Uncle Sam's extreme reticence regarding the movements of the navy the committees planning for the reception to Captain Hal Standley, are marking time, waiting for the government to send the Pacific fleet to San Francisco bay.

The fleet was expected at San Francisco early in April. Prior to that time an active committee had raised a considerable sum of money and made definite plans for an elaborate reception, honoring Captain Standley. The delay has not in any way decreased the ardor of those interested in the plans and whenever Washington turns the flagship of the Pacific fleet toward California everything will be in readiness for a royal greeting to Captain Standley.

## FRANK W. REYNOLDS AGAIN IS CANDIDATE

Frank W. Reynolds, present assessor of Mendocino county, announces in this issue of the Dispatch his candidacy for reelection.

Mr. Reynolds was elected to the office four years ago, and during his incumbency has worked hard to equalize property values throughout the county. Immediately after taking office he began the installation of a system for segregating the various parcels of real estate into classes with the purpose of getting those of like class assessed on the same basis per acre. In this work he has had the assistance of R. E. Donohoe, who is a wizard on Mendocino county land values. Their task has been one of monumental proportions, but they have worked early and late, sparing neither time nor pains, and Mendocino county property is being assessed now on as fair and just a basis as it is humanly possible to establish. As fast as discrepancies arise they are adjusted, without favortism and with a view solely to obtaining an equitable balance.

Mr. Reynolds has won the confidence and respect of the taxpayers almost universally and it is with pleasure that the Dispatch adds its endorsement of his candidacy to that of the vast majority of the county's property owners.

### DEATH OF W. H. CAPWELL

W. H. Capwell, an uncle of Mrs. Vincent Giorno of this city, and a resident of Ukiah for some eight years, passed away at his home here May 20. Mr. Capwell was a native of Pennsylvania and was 83 years of age.

His many friends will hear of his condition with much concern.

### LARGE OAK FALLS

One of the large oak trees in Oak Park split asunder and fell with a crash that startled the community for blocks around. The tree was on the property owned by Miss Frances Thompson. It fell across both sidewalks blocking the street. The break occurred Sunday afternoon at a time when the street was fortunately clear of traffic. The tree is being carefully examined to ascertain whether it should be cut to the ground.

Ben Edwards has been confined to his home several days this week on account of illness.

Roy Hagans and wife were here from Fort Bragg over the week end for a visit with Mr. and Mrs. Will Hagans and family.

### NEW TELEPHONE BOOK HAS VALUABLE FEATURES

A new telephone directory for Mendocino county has been issued by The Pacific Telephone and Telegraph Company and is now being distributed here.

A feature of the new book is the classified section. Regarding this section, L. S. Nevins, manager here, says "The use of the classified business section of the telephone directory has become a part of the telephone users daily habits. It is not only a listing of business telephone customers but is a catalogue of buying information. Recognizing the importance of this section is modern business, the company has rearranged this section and given it new treatment in order to render a more complete buying service to the public and to be of greater value to the advrtiser. A new style of type and set-up is being used. As a result, there is a segregation from all listing information which offers a continuity of listings with no interference of advertising matter. Likewise advertisements have been so arranged that they are afforded better positions and greater display value.

## VOLNEY VAN DYKE HOME DESTROYED BY FIRE

The home of Tax Collector Volney Van Dyke in Potter valley was destroyed by fire with all its contents last Monday morning at about 6 o'clock. Mr. Van Dyke had arisen, kindled the kitchen fire and gone out in one of the fields. Mrs. Van Dyke was aroused by the ringing of the telephone bell and on answering it was told by Mrs. Carner, who had noticed the smoke that the house was on fire. Almost at the same instant the fire broke through the wall into the room. She ran to the porch, where the children were sleeping and got them out. Mr. Van Dyke arrived at about that time and they managed to save some of their silverware and a little clothing. Everything else was destroyed.

The children had been sleeping upstairs until a few days previously, when the family moved outdoors. Had they still been sleeping in the house they would probably burned to death.

While some insurance was carried, it was but a fraction of the lass.

The sympathy of all is extended the family in their misfortune.

### Ukiah Farm Center Holds a Meeting to Consider the Problem of Conserving Soil Moisture

The next regular meeting of the Ukiah farm center is to be held in the city hall, Tuesday evening, June 1, at 8 o'clock. This meeting will be devoted to a discussion of soil moisture, a particularly important subject to all fruit growers.

Professor Charles F. Shaw, head of the Division of Soils, of the University of California, will discuss the conservation of soil moisture, the modern methods used for its control, and how the practice works in various parts of the state. Professor Shaw is an authority on soils and the Ukiah region is very fortunate in being able to secure him for a talk on this subject.

The problem of cultivation is a very important one and is one of the greatest expenses to the farmer. Professor Shaw will go into the latest discoveries relating to this subject and how expenses may be kept at a minimum and still conserve the soil moisture to the best advantage.

Every farmer in the community should attend this meeting as it is an excellent opportunity to talk over your soil problems with a man of experience and knowledge.

### NEWS ITEMS

An epidemic of potato blight has developed along the coast district of Mendocino county. Last year a similar outbreak occurred which seriously damaged the potato output in this area. While the earlier potatoes have been practically wiped out by blight this season, the late plantings which comprise the bulk of the coast crop are not seriously damaged yet. Potato growers are preparing to spray their vines with a summer strength of Bordeaux made from four pounds of bluestone, five pounds of high grade quicklime and fifty gallons of water. Detailed instructions for preparing this fungicide may be had by communicating with the farm advisor's office.

Grass variety test planting established on the Union Lumber Company's property at Fort Bragg, was inspected by the Extension Service office during the past week. While this seeding was made under favorable conditions early last winter, a good stand has been secured of a number of the varieties tried. Those grasses doing best at this time are the Imported Perenial Rye, Mesquite, Italian Rye, Orchard Grass, and the Tall Meadow Oat, in the order given.

Plantings of Kanota Oats on the properties of M. J. Ainsworth and Geo. Davis of Willits, and Geo. Vassar, of Laytonville, were inspected by the farm advisor's office the past week. In all cases Kanota Oats had made a far better growth than the California Red, the variety usually grown.

Kanota Oats is a new variety of oats which was introduced from Kansas and in three years' test work in Mendocino county has out yielded California Red very materially. This variety is an early maturing one and is classified as being rust-escaping owing to its earliness. A number of plantings have been made in different sections of the county this year and yield determinations will be secured at a later date in order to compare it with the common variety under different conditions existing in various districts of the county.

Harding grass plantings in the Willits area are making very satisfactory progress. A. J. Muir of Willits, has quite an extensive planting which is doing particularly well. A seeding made a year ago has made a vigorous growth, attaining a height of from two and a half to three feet at this time and producing a luxurient growth and succulent forage. A test planting made on the property of the Northwestern Redwood Company at Willits a year ago this April, has also attained a height of two feet and produced an excellent stand of grass. This planting was made under open range conditions and owing to the success of the test the company is planning to make an additional planting of Harding grass under similar open range conditions next season.

Andy Bowman, the hunter working in the Long valley district, reports the capture of a den of coyotes consisting of a mother and seven pups, during the past week. A panther and a bear were also captured last week. Owing to the excellent work of Mr. Bowman in this section, losses of sheep from coyotes have been reduced to a minimum.

Owing to the excellent results secured from the feeding of silage to dairy cows continued interest is being manifested in the construction of these structures throughout the dairy sections of the county. The following dairymen in Round valley are contemplating the erection of farm bureau silos at an early date: T. J. Lowry, J. I. Hurt, and C. H. Hurt. Last year twenty-six silos were built in Mendocino county, all of which are giving very satisfactory results.

The recent rainy weather has been the cause for a severe outbreak of downy mildew in the coast apple orchards. Mr. A. A. Heeser and a number of adjoining neighbors have undertaken steps to control this disease. A spray test has been started with a new fungicide which has not heretofore been used on the North Pacific coast. The spray material has been prepared and applied to determine the efficiency in controlling the mildew and if found effective many of the coast growers are expecting to adopt its use for their respective plantings. Mr. Heeser and a few other apple growers have purchased a new spray outfit and are preparing for future warfare against this enemy of the apple.

Gus Spotswood of Potter valley, recently completed the construction of a tile drainage system in his pear orchard which is working very satisfactorily. A number of tile drainage systems have been installed in Ukiah and Potter valleys during the past season.

### SURVEY AND SOUNDINGS ARE TO BE MADE

(Pt. Arena Record)

Messrs. Jones and McGovern, surveyors of Jas. D. Lacey Timber Co., are engaged in making a preliminary survey for a railroad through their timber on the Garcia and Gualala rivers, with the object of finding the most feasible route to get their large acreage of virgin timber out to market. The timber is so situated that it can be marketed from the interior side as well as from the coast side, and the survey is being made to find the most direct, cheapest and feasible route out from the timber to market. It is also understood that soundings are to be made of the Point Arena harbor and Gualala harbor.

### WILLITS BLAZE MENACES TOWN

WILLITS, May 24.—Fire which threatened several large buildings here, including the new Hotel Van, and the Watson apartment, burned the large frame storage and hay barn of the Northwestern Redwood Company Friday with an estimated loss of $15,000. Several buildings caught fire from flying embers, but the fire was extinguished by Willits' new fire force. Two horses were burned in the blaze, one dying in the fire while the other had to be killed later.

We understand that Mr. Hopkins has tendered his resignation as manager of Hartsook Grove.

Among the paintings displayed at Redwood highway exhibit in the windows of the Emporium recently were three paintings of redwoods by Mrs. W. G. Lilley, of Piercy.

### HURT IN WRECK

Cyril Goudge, well known resident of Redwood valley, suffered serious injuries when he was thrown through the windshield of a car driven by Bob Winsby of the same place, Sunday morning. The accident occurred when the car struck a stump, partly hidden by underbrush. The impact threw Mr. Goudge through the windshield and Dr. S. L. Rea found it necessary to take 15 stitches to close the cuts about the face and head of the unfortunate man.

In 1895, electric energy transmitted at 11,000 volts for a distance of 21 miles was heralded as the great achievement of the day.

Did the men responsible for California's present pre-eminent position in the electrical field stop with that accomplishment?

No—they spent their time and money in a development which now makes it practical to transmit electric energy at 220,000 volts for hundreds of miles.

This made possible the development and use of power resources—otherwise not economical—resulting in decreasing rates for electric energy.

"Since 1913" — Average per capita
Cost of Government increased 180%

Cost of Electricity decreased 8%

## LADY BUNCO ARTIST TRIES TO WORK UKIAH

Rose Mary Chamberlain, clever woman swindler who tried to put over a $10,000 fraud in Lakeport a year ago, and who since has operated on the Atlantic coast, was recognized in Ukiah at the Palace hotel on May 9th by Herbert V. Keeling, Lakeport attorney. She left hurriedly on the stage for the north the following day.

Rose Mary in this instance was registered at the hotel under the name of Mrs. Mary Langhorne. Although an elderly woman, she was dressed in light colors which changed her appearance a great deal from the time she visited Lakeport. According to Mr. Keeling, who chatted with her, after being introduced by Mr. Sandelin, proprietor of the hotel, Mrs. Langhorne was negotiating a $72,000 ranch deal and had deposited the sum of $500 in a Ukiah bank to establish her credit. Although Mr. Keeling had met the woman in Lakeport it is possible she may not have recognized him but probably suspected some one was wise to her motive because she failed to keep her legal appointment with Mr. Keeling on Monday and departed on the stage, paying her bill at the hotel before she left.

So far as can be learned the woman committed no offense in Ukiah but it is likely she would have if she had not been suspected by Mr. Sandelin who had Attorney Keeling meet her to ascertain if she was not the same Rose Mary who visited Lakeport.

Rose Mary Chamberlain presented a fraudulent check for $10,000 to the Western Title Insurance Company while in Lakeport in part payment of a piece of property she had selected. She also was reported to have sold fraudulent stock to several local persons. When she learned a telegram had been sent to New York to the bank on which she drew her checks, she made her getaway out of the county before a complaint was sworn to.—Lakeport Bee.

### A PECULIAR AUTO ACCIDENT

Last Sunday Mrs. Jesse Brayton of Northwestern had a serious auto accident on the Rock Tree hill east of Willits and came near to losing her arm. She was returning to Willits when the accident happened and was driving slowly down the hill, which is very steep and has numerous curves.

She held out her hand to give a signal that she was slowing down and a car behind her, driven by the son of Charles Weiss, smashed into the car she was driving and ran up on the footboard and crushed Mrs. Brayton's arm. The flesh was partly stripped from the bone and the bone was mangled. She was rushed to the Northwestern hospital and Dr. Babcock put the flesh back on the bone, sewed up the wound and it is said that in a few weeks her arm will be as good ever.—Willits News.

Mrs. Rex Parker, who has been dangerously ill with pneumonia, is now convalescing slowly.

PRINT THE NEWS AND TELL THE TRUTH
By J. B. SANFORD

SAN FRANSICO, Cal., May 27.—In order to get the support of the machine politicians, the taxeaters and the taxdodgers, one of the candidates opposed to Governor Richardson has made the remarkable announcement that if he is elected governor he will cede $50,000,000 worth of choice state property (the S. F. harbor) to San Francisco. Just what $50,000,000 piece will he cede to Los Angeles to get the machine vote there is not stated. What will he give to Sacramento? The beautiful state capitol and grounds—and then permit the state to pay an exorbitant lease for same? What will this candidate give the machine politicians of Oakland? of San Diego? of Stockton? of San Jose? of Fresno? When and where is this bribery to stop? Did you ever hear of anything so bold? At this rate it wont take long to bankrupt the state.

* * * * *

Another one of the "spendthrift" candidates for the governorship, seeing that all the state property has already been parceled out, by "progressive" spendthrift No. 1, is lining up his adherents with a bunch of propagandists that are in favor of bonding the state for $500,000,000 for some water and power project that will furnish jobs to some 16,000 political pikers whose business it will be to see that the machinery is well oiled. All the taxpayers will have to do is stand and deliver.

* * * * *

No wonder that democratic taxpayers are urging the formation of Richardson democratic clubs in each supervisorial district in the state to urge democrats to register republican. The next governor will be named at the republican primary on August 31. In order to assist Governor Richardson in this fight one must be registered as a republican. If he desires he can change his registration back to democratic after the primary, although it is not necessary. It is up to the taxpayers of the state to defeat this wholesale attempt to bribe the voters by giving away valuable state property.

In contrast to this bold attempt to loot the state treasury and bond future generations Governor Richardson announces that he is opposed to the levying of campaign contributions upon state employees and that if he runs for office he will pay his own expenses. Pay your money and take your choice, Mr. Taxpayer.

## BOY SCOUTS RECEIVE MERIT BADGE AWARDS

(Continued from page 1)

Stanton McGimsey, first aid to animals and personal health.

Fred Goudge, for swimming.

Judge Preston is chairman of the court of honor, which is composed of a number of Ukiah citizens. The boys are required to pass a careful examination in each subject for which a merit badge may be issued. A number of boys are working diligently for merit badges at the present time and it is hoped that when the next group of candidates is prepared we will have a meeting which will be attended by a very large number of fathers and mothers. In the meantime, if you have not yet contributed to the scout fund please do so. Wm. Bromley at the Savings bank or Charles Duncan at the National bank or Lon Scott at the Liberty bank will be glad to take your money. You cannot aid a better cause.

### PARKING RULES FOR GRAMMAR SCHOOL

Parking rules will be established and strictly enforced on the grounds of Ukiah grammar school. This decision was made by the board of trustees at the last meeting. The grounds have been planned with accessible parking spaces. Promiscuous parking is inconvenient to traffic and dangerous to pedestrians.

Tom Day, well known garage man of Philo, was here on business Wednesday.

## UKIAH HIGH SCHOOL HAS REAL BALL TEAM

(Continued from page 1)

got too far off their bags for such a dinky fly and when they finally clawed their way back to the cushions they found they weren't in it at all.

In the seventh the local boys added another tally to the cause. Whittaker singled but was out at second on Weselsky's fielders' choice. Weselsky stole second, took third when the second-sacker let the peg ooze through his meat hooks, and galloped home when second threw wild to third. The remaining Ukiah counter came in the eighth. L. Vassar was safe on short's bobble and stole second and third. Anker lifted a sacrifice fly to left to score him.

While Leno copped the honors in the hurling department, C. Vassar was the outstanding performer at the bat and and on bases. He helped himself to three hits out of four times up and stole three bases. He and his brother form a mighty sweet fielding combination around short and second. Gibson, after his early misplay, handled some hard chances at the hot corner and Lawton played a nice game on the opening sack, despite a sore finger.

Coach Beaufort is taking his bunch to Healdsburg today to show them that Saturday's victory was not one of "them things."

Mr. and Mrs. Chas. A. Busch came down from their home in Potter valley Wednesday for a few hours' visit.

## CHURCH FINANCE COM. ALREADY HAS $25,000

The building committee of the Methodist church is highly pleased with the progress that has been made so far in the financial campaign. The campaign was organized in sections, which would really appear to be three sections. The first two have practically been closed by seeing only certain individuals. Thirty-nine people have signed, bringing the total subscription to $25,000. This does not include the St. John's church and parsonage, which is to be sold.

The general campaign covering the remainder of the church members and friends is being planned and the canvassers will be in the field in just a few days.

The whole building was planned by a local building committee that secured the most capable church architect in California to put their plans on the lot owned by the church. Bids will be opened June 1st at which time it is hoped that such satisfactory bids will be in that construction can begin at once. The church will house an A grade Sunday school which will be the only Sunday school of that grade in the county. The church has been planned and will be built almost exclusively with the interests of the children and young people of the community in mind.

The committee believes that it must build a church that will minister to the needs for the next fifty years unless there should come a phenomenal growth in the county. The committee has planned a building distinctive in its architecture and in the program it will house. It will cost in the neighborhood of $40,000 somewhat furnished. The committee believes that no expenditure within the bounds of reason was unwarranted if it could minister to the character building of the children and youth of the community.

The committee and the pastor desire to express very great appreciation for the splendid cooperation and sympathy from all members of the community in this enterprise.

## YOUNG MOTHER'S DEATH BRINGS SORROW TO ALL

One of the saddest deaths that has occurred in Mendocino county in recent months was that of Mrs. L. J. Lane, of Dos Rios, who passed away at the Northwestern hospital at Willits last Saturday, leaving a husband and four children, George, Milton, Glenn and Wallace, ranging in age from 2 to 8 years. Death resulted from complications ensuing from influenza and bronchial pneumonia following an operation. Besides her husband and children, the deceased leaves two sisters, Mrs. Margareta Burke, of Laytonville, and Mrs. Lena Howell, of San Jose, and one brother, Otto Wilming, of Oakdale.

Mrs. Lane was born at El Pismo, San Luis Obispo county, Sept. 6, 1897. She came to this county while a child and was educated and lived most of her life in Willits. She was married to L. J. Lane July 2, 1916. She was loved and was held in the highest respect and esteem by a host of friends and acquaintances, being one of those who made and held friends. She loved children and was devoted to her husband and family, and her sole desire was to make life cheerful and to lighten and lessen the burdens of others.

The funeral was held at the Methodist church in Willits Monday and was conducted by the Eastern Star and Chaplain Jones.

The stage concern has enlarged its operations in this section until it is now running two schedules daily from Ukiah north connecting with the route to Portland, and three schedules south to San Francisco. Two also are maintained to Lake county as far as Lucerne.

The best of service is maintained, the stages being heated in the winter time, and nothing is left undone to make the patrons of the line comfortable at all times.

Tearle's performances as Noel Anson, the American infatuated with The Dancer of Paris, is reported to be one of the finest that he has thus far contributed to the screen. He plays with a facility and grace that, combined with the other attributes, results it is said in a most delightful character.

## WAMPAS STAR IS IN "FIGHTING BUCKAROO"

The State theatre is all ready for the arrival of "The Fighting Buckaroo." The trail has been cleared so that Buck Jones as the battling Arizonian can appear in the latest Fox Films production in Ukiah on Saturday.

This new Fox Films picture shows the buckaroo in a fighting race for a girl and a gold mine. Sally Long, one of the thirteen baby stars selected by the Wampus for 1926, is the society girl who owns the Arizona ranch on which the mine is located.

## "THE NIGHT CRY" IS RIN-TIN-TIN'S LATEST

If you are a Rin-Tin-Tin fan, you will not want to miss his latest Warner picture, "The Night Cry," which opens Sunday at the State theatre. If you are not already one of his staunch admirers, then this film version of the story by Phil Klein and Edward Meagher will make you one. Rinty has never done better work, Herman Raymaker has directed with skill and understanding, and the supporting cast is excellent. It includes June Marlowe, John Harron, Gayne Whitman, Don Alvarado, Heinie Conklin and Mary Louise Miller.

## PLENTY OF FAST ACTION IN TALMADGE'S LATEST

Bounding Dick Talmadge as a two-fisted cop who wades triumphantly through some of the most exciting incidents ever devised for a screen story, is heading again toward the screen of State theatre in his latest F. B. O. comedy melodrama, "The Night Patrol," which will be Monday's feature attraction.

"The Night Patrol" is a rollicking tale of love and adventure with Talmadge indulging in his favorite pastime of stunts and sundry agile antics, in which he is in a class by himself. In his role of the swagger young policeman, devoted to his duty and his sweetheart, he serves up a character absolutely new in its adroit development, with emphasis on the side of comedy, of course.

## POWERFUL THEME IN "THE NON-STOP FLIGHT"

The full cooperation of the United States navy officials at the San Diego and San Francisco bases was given Emory Johnson when he filmed his epic melodrama of navy life and aviation "The Non-Stop Flight," which comes to the State theatre next Wednesday. The story is the work of the young producer's mother, Emilie Johnson, herself born to the sea and with a long line of Viking ancestors. The Navy cooperation extended to the use of many battleships, destroyers and submarines as well as hundreds of Uncle Sam's gallant sea fighters.

## CORINNE GRIFFITH HAS ANOTHER COMEDY ROLE

For the second time in her career, Corinne Griffith assumes the character of a comedienne. Her initial venture into the field of the comical occurred in "Classified."

Norman Kerry plays opposite the star, with Willard Louis in the major comedy role. Others in the cast are Rose Dione, Dorothy Cumming, Paulette Duval and Pat Somerset.
